Professional Summary

I'm Antonios Chalas and I'm a web developer. I'm fully passionate about my engagement since I chose this career as a dream achiever. If you're looking for an optimistic, communicative and cooperative person to get done demanding and outside the box projects, during strict time conditions of delivery, then you just found it.

Experience

2020-09 -
2021-09

Contract: Radio Operator / Secretary

Hellenic navy, Hermoupolis

As a seaman with electronic systems technician specialization, I completed my contract by offering radio and back office services.

2020-01 -
2020-05

Full Stack Developer

Elegento, Athens

As a developer at Elegento, my main focus was on the Magento CMS.

I was working both on front (CSS/ LESS/ JavaScript/ JQuery) and back end (Mainly PHP and Ajax). I commonly was:

- Building custom modules and plugins.
- Operating Magento functionalities via UNIX CLI.
- Utilizing version control systems (git).
- Communicating with the team for the best solutions.

2019-05 -
2019-12

Full Stack Developer

Threenitas, Athens

As a developer at Threenitas, I was focusing on the Wordpress CMS.

My core activities included:

- Mostly developing the Front end part of a website using HTML, CSS, JavaScript and JQuery, transfer it to Wordpress in order to make it dynamic by using PHP and Ajax.
- Testing websites before deployment, fixing bugs and optimizing them.
